Business  
Overview

### INDUSTRIAL AUTOMATION

#### Objectives

- Standardize and Design HR and PM processes
- Replace existing widespread excel sheets, used to manage entities among departments
- Offer a single point of communication and process management, integrating with CRM, ERP systems

#### Achievements

- In 12 months, all HR and PM processes were integrated inside Comidor
- Legacy Systems Licensing Cost was 50% reduced
- Coordination of more than 1.000 people among different countries
- KPIs and advanced analytics eased decision making of upper management

Comidor has improved the quality of data our team receives and the processes saving valuable time.

Comidor has fully digitalised all the tasks that the team performs.

It feels like Comidor is an open window to our digital future!

Comidor enables us to run business processes digitally and collaborate seamlessly.

### LOGISTICS

#### Objectives

- Reduce email exchange overload that impacted customer service
- Replace process tracking via emails and phone calls with a process automation tool
- Improve Customer Experience by establishing an interdepartmental collaboration tool

#### Achievements

- 20% reduction of email circulation in the first 3 months and more than 60% reduction by year end
- 45 processes mapped and running in the first year. 15 of them fully standardized and automated
- 400 employees create more than 5.000 process instances monthly
- Comidor became the central hub for information and collaboration

## ABOUT COMIDOR

- **Growing Client & User Base**

with business presence all around the world, through business partners and solution providers

- **Incorporated in EU & UK**

500+ Clients, 100.000+ users. Large global enterprises

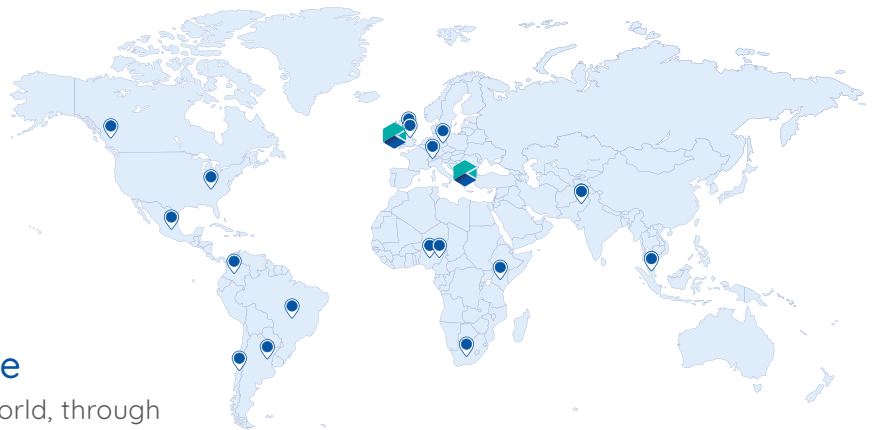

- **Proprietary advanced technology**

Cloud, Multi-layered software architecture,  
No-Code/Low-Code, BPM, RPA, AI/ML, IoT

- **Certified and Compliant**

ISO 9001 & ISO 27001 certified SOC-2 and GDPR compliant

## Comidor Around the World

### Comidor Offices

- Laskaratou 11A, Thessaloniki, 55535, Greece
- 34 St. James's Street, London SW1A 1HD United Kingdom
